

At Page 6 correct the previously inserted penultimate paragraph to read as follows:

"Referring to Figure 6, a lightweight shallow tub 74 has a central, upwardly projecting central passage 76 to receive the display mast portion extending upwardly therethrough.

The tub 74 may be filled with locally available solid ballast material or water and the lower end portion of a display mast or pole engaged with the receptacle.

The ballast material may serve to stabilize and brace the mast receptacle 76"

IN THE CLAIMS

Cancel Claims 12 and 17 and amend claims 1, 13, 14 and 15 as shown in the attached sheet of markedup claims. Pages of claims, both Marked-Up and Clear are transmitted herewith.

REMARKS

Claims 1, 6-10, 13-15 and 17-19 are present in the case.

In the Drawings the element 37 previously inserted in Figure 2 has been deleted, in light of the Examiner's objection thereto.

In regard to the previously inserted Figure 6, which illustrates the lightweight container 74 that is the subject matter of Claim 14, the Examiner is respectfully requested to withdraw his rejection to the drawing. It is respectfully submitted that the container is fully disclosed on the second page of the specification, first paragraph, which specifies the following characteristics:

a lightweight plastic container/ tub has a central passage to enable threading of the display mast portion upwardly therethrough; tub filled with sand, gravel, water or stones.
